

Valerio Russo

Hi there, my name is Valerio.
I'm a data scientist, minimalist and self-development nerd.
I always try to keep things simple and live intentionally.

Experience

Data Scientist, **Cuebiq**

May 2018 - Present | Milan

- Technical lead of Cuebiq PaaS for data science
- Applying deep learning to churn analysis and multi-channel attribution
- Applying machine learning to lookalike modeling, brand affinity and loyalty, and lifetime value
- Building data science web apps with Dash
- Deploying data science pipelines in production

R Python Keras Spark AWS Airflow SQL Presto

Data Scientist, **Oracle**

April 2017 - May 2018 (1 year and 2 months) | Milan

- Applying machine learning to predictive maintenance, anomaly detection and lifetime value

R Python Hadoop SQL

Middleware Consultant, **Oracle**

March 2016 - March 2017 (1 year and 1 month) | Milan

- Building service-oriented applications and documenting the process
- Developing a web app to facilitate data migration towards the cloud

Oracle SOA | Node.js | SQL

Software Developer, [Iper Media Applications](#)

March 2013 - July 2014 (1 year and 5 months) | Naples

- Developing iOS applications with a spin-off of my university

Objective-C | Swift

Education

Data Science, [Coursera](#)

(2018 - 2021) | Remote

- Data Manipulation at Scale: Systems and Algorithms
 - Improving your Statistical Inferences
 - Machine Learning
 - Statistics with R
-

Computer Science, [Università degli Studi di Milano Bicocca](#)

(2014 - 2016) | Milan

M.Sc. with honors in CS.

Computer Science, [Università degli Studi di Napoli Federico II](#)

(2011 - 2014) | Naples

B.Sc. with honors in CS.
